Hello, my name is Lori Smith and my husband is William "Bo" Smith pictured here. We have 4 beautiful daughters and have always been a close family. We have been through a lot of hardships with my husband being in and out of hospitals with heart problems. The doctors say it's nothing short of a miracle that he has made it this far, and the road ahead is going to need a lot of love and support from everyone around him. We've learned that a heart transplant is our last option. This is where I'm asking for help because although our family is an excellent support group, we have become financially burdened. With all the time spent in hospitals, there is low income

coming in, and we are juggling medical bills on top of our regular home bills. Bo has just turned 50 years old. He has a lot of life left to live and wants to watch his girls grow up. Please support the fundraisers that my family and friends are coordinating to help raise money to bring him home with all the medical care he needs. We still have a long road to travel and appreciate any help you may provide. Thank you!

The Smith Family and the Patty Pollatos Fund are asking for your help and generosity to support a family in crisis. William "Bo" Smith is in need of a heart transplant. The help that you give goes directly to Bo Smith and his family's living and medical expenses. Your generosity would be received with sincere gratitude.

Future dates and events planned for the Smith Family will be posted on the PPF, Inc website.
